Dear Oakwood Family and Friends,

As you may be aware, this morning at approximately 8:15, a man entered our office complex who was having a mental episode. When he was unable to see the person he requested, he became agitated and confrontational both in person and by phone to myself. New Braunfels Police Department was immediately notified and responded. After a search of the buildings, the buildings were locked down and all events were cancelled for the day. The gentleman's family was notified, and he has been placed in custody to receive the help he needs.

All of our prayers need to be for this man, his family and his recovery. Please know that the security of all who worship here, who participate in any of our ministries, as well as all of our staff is of utmost priority and concern.

May God bless you,

Pastor Ray
